### **National Public Safety Telecommunicators Week 4/9/17 – 4/15/17**

Each year, the second full week of April is dedicated to the men and women who serve as public safety telecommunicators. Initially conceived in 1981, Telecommunicators Week was created to raise public awareness of the hard work and dedication of the public safety telecommunicator.

The Nashua Police Department would like to recognize the 20 civilian Communications employees who are the heroes behind every call. They are the calm reassuring voice offering guidance and assistance to the citizens of Nashua.

Anyone wishing to show their appreciation can send a note of Thanks to:
