The Nashua Police Department's Traffic Enforcement Unit is currently conducting an investigation into an increase in thefts of road and mountain bicycles from residential properties in Nashua. The increase began in October of 2017 and the thefts occurred during the overnight hours. Bicycles were stolen from both private residences and apartment buildings.

The Nashua Police Department is encouraging anyone who has had a bicycle stolen, and who has not reported it, to contact Nashua Police at (603) 594-3500 and file a report. Information one should have available to make a report includes: where and when the theft took place, make and model of the bicycle, color, size, anything distinguishable about the bicycle (stickers, specialized equipment, etc.) and serial number if known (some retail bike shops keep records of serial numbers so check with the store you purchased from).

Anyone with information on the thefts is also encouraged to contact the Nashua Police Department at (603) 594-3500 or the Crime Line at (603)589-1665. Follow Nashua Police on Twitter @NashuaPolice
